CSPN is happy to announce that we have entered into a Preferred Vendor Agreement with ScriptPro. ScriptPro will now provide CSPN member pharmacies with a discount off the standard list pricing. Other benefits of this agreement available to CSPN Members include, at no cost, a site visit and layout of your pharmacy showing optimal position and placement of a ScriptPro robot. ScriptPro will also provide CSPN Members who purchase a ScriptPro robot with a marketing kit to assist the pharmacy with community marketing.

Gerry Crocker, CEO of CSPN, stated "CSPN is proud to announce its selection of ScriptPro as a preferred vendor to its membership. ScriptPro is recognized as an industry leader in pharmacy automation. ScriptPro's dedication to reducing the pharmacy's overhead costs and increasing customer satisfaction correlates directly with CSPN's 'high tech/high touch' approach to providing its members with value added programs and services. CSPN's 'Centers of Excellence' members are high volume pharmacies primarily focused on disease state management that require technology to maintain a high level of service, provide better outcomes, and reduce costs to the patient. We believe ScriptPro is one of the premier companies in the automation arena and CSPN is proud to bring this program to our members."

Mike Coughlin, President and CEO of ScriptPro, said, "ScriptPro looks forward to bringing our innovative products to the member pharmacies of CSPN. We believe our foundation of powerful technologies that prevent errors, provide the pharmacist more time with patients, and bring efficiency to the dispensing process will uniquely benefit the specialty pharmacy network."

CSPN in partnership with ScriptPro has been successful in getting recognition for our community pharmacy-based model and the value it can provide through our high touch model of patient care.
