

Keeping Specialty Medications in our Community Pharmacies

## News Release

**FOR IMMEDIATE RELEASE**

**Contact: Gerry Crocker, CEO**

### **MedImpact Healthcare Systems Taps CSPN for its unique Specialty Provider Solution**

**Drexel Hill, PA-**CSPN has signed an agreement with MedImpact Healthcare Systems, Inc. to be added to its Specialty Pharmacy Provider Solutions Group. This agreement enables MedImpact to include CSPN's national network of independent specialty pharmacies as an alternative solution to regional and national specialty mail solutions currently offered.

CSPN's 170+ locations offer a "high tech, high touch" solution providing specialty patients with face-to-face consultations and personalized medication therapy management by a pharmacist they know. CSPN's community-based approach to managing specialty drug therapy is a critical advantage in serving patients with complex and difficult-to-treat disease states

Gerry Crocker, CEO, stated, "It is with great anticipation that CSPN enters this agreement with MedImpact, one of America's leading PBMs serving 32 million lives. We are honored to have been selected to bring our unique specialty provider model to MedImpact's current and prospective clients. CSPN's network locations have developed a reputation in their communities as centers of excellence for disease state management. We look to leveraging the strengths of both our companies to offer the highest level of personalized care in specialty medication disease state management."

Ed Dillon, President, stated "We see this as not just another business opportunity. This is an important step in improving consumers' access to pharmacists with expertise in using specialty medications and patient care."

MedImpact HealthCare Systems, Inc. has used information technology and human capital to improve the practice of managed care pharmacy since 1989. The company partners with the nation's finest health plans, hospitals, and employers to provide pharmacy benefit management services. MedImpact works with drug plan sponsors to direct prescribing to the lowest net cost drug that is medically appropriate for the patient. For more information, visit [www.medimpact.com](http://www.medimpact.com).

**CSPN** is a national network of community based specialty pharmacies that provide a unique distribution channel which allows immediate availability of critically required specialty medication, delivered by compassionate, highly competent professionals. Our comprehensive approach in managing our patients multiple disease states improves their outcomes, resulting in the reduction of costs over the term of their illness.
